

### Design a Surfboard (Bookmark)

Granny Grommet and Me by Dianne Wolfer and  
Karen Blair

You will need:

- Design template (sourced from [Surfdome.com](http://Surfdome.com))
  - Cartridge paper (Printed with template if possible)
  - Felt Pens, colour pencils, watercolour pencils/crayons etc.
  - Lead pencils (2B or 4B)
  - Eraser
  - Scissors
  - Glue stick
  - Laminator and film
1. Using the template provided design a surfboard (both back and front) Your design may incorporate ways in which you “Connect to Reading”, Surf/Beach/Environment, or something of Personal significance.
  2. Use the soft drawing pencils to carefully draw your design onto the cartridge paper.
  3. Using the materials provided, colour your design. Taking care to keep within the lines, and using application techniques that will ensure quality work.
  4. Once your design is coloured, and dry (if using paints) carefully cut around both shapes.
  5. Match pieces carefully back to back, using the glue stick to keep in position.
  6. Trim if necessary and laminate.
  7. Carefully Trim excess laminating film approx. 5 mm away from edge of design.
